

WindSign Available in 3 sizes

- Springs connect the frame to the base allowing sign to resist strong winds and return to upright position.
- "Quick change" feature enables sign blanks to be changed in seconds and stay securely in place. No clips, bolts or special treatment.
- Sand or water fillable plastic base with factory installed wheels. Free funnel included to facilitate loading.
- Molded-in tie down hole allows for chaining or wiring the base, deterring theft.
- Attractive plastic frame design eliminates torn miters and jammed latches. Won't rust or splinter.
- Two-sided (holds two signs per frame). Can accommodate coroplast, aluminum, acrylic, or any foamboard.

Plasticade's Quick-Change Feature:

Slides in easily, and...

...stays securely in place!

Holds these sign blank sizes:
